

Voter Engagement Community Organizer

WE ACT for Environmental Justice

West Harlem Environmental Action, Inc (a/k/a WE ACT for Environmental Justice) (WE ACT) is a 501(c)(3) Northern Manhattan community-based membership organization whose mission is to build healthy communities by ensuring that people of color and/or low-income participate meaningfully in the creation of sound and fair environmental health and protection policies and practices.

Decades of under-funding at the city, state and federal level have left public housing properties across the city in disrepair, with a \$40 billion backlog in needed improvements. NYCHA's residents deserve a decent place to live, free of mold, with good indoor air quality, basic amenities like working toilets and stoves, and safety features to ensure children are protected.

Elected officials know about the problems but year after year it is overwhelmingly clear that we cannot rely solely on them to solve this problem. In 2021, New York City will elect a new mayor and two-thirds of the City Council will be new. In light of the COVID 19 crisis and the ensuing economic downturn these new elected officials from the Mayor to the City Council must end the alarming rate of decay in public housing, they must make public housing healthy for all who live there and they must ensure that public housing remains public and affordable.

WE ACT for Environmental Justice, is hiring an enthusiastic full-time organizer to help support our nonpartisan voter engagement program. Our goal is to engage over 3,000 low and moderate-income voters who live in NYCHA housing so they can make their demands for Healthy Homes in NYCHA clear to new Mayor and City Council members. The organizer will be responsible for working with NYCHA residents to provide voter education and collect voter registrations and pledges to vote at various NYCHA housing developments.

We are following all safety and social distancing protocols and will not send an organizer to a site if it is deemed unsafe to do so. When onsite at NYCHA developments, the organizer will be required to wear a mask, maintain six-foot distance from others, and follow proper handling of forms to protect their safety and the safety of others.
