### Risk to Economic Opportunity

- **29 Risk to Economic Opportunity**

  - **What this Number Means**: This is the number of risks to equitable economic development faced by your neighborhood out of a total possible score of 76. The higher the number, the more that needs to be done to ensure good development in your community.

### Access & Benefits

- **Residents without Internet Access**: 9%
- **Percent of People with Inadequate Emergency Savings****: 49%
- **Mean travel time to work (minutes)**: 25.5

#### Why having Internet matters

Residents and small businesses need better access to the internet in order to create and share more employment opportunities, build a skilled labor force, and participate in an increasingly interconnected world. 30% of New Yorkers do not have internet access at home. Is your neighborhood connected in the digital age?

#### Why are savings important?

What would happen if you lost your primary source of income? Families with as little as $250 or more on hand in savings are less likely to miss utility payments or be evicted after a financial disruption.

#### Getting to work is important

The longer it takes to get to work, the further people have to travel from their neighborhoods. Are there employment opportunities within your own neighborhood? And, if you and your neighbors are traveling out of the community to get to work, who is traveling in for the locally based jobs?

#### Why having Internet matters

Residents and small businesses need better access to the internet in order to create and share more employment opportunities, build a skilled labor force, and participate in an increasingly interconnected world. 30% of New Yorkers do not have internet access at home. Is your neighborhood connected in the digital age?

#### Why having Internet matters

Is your neighborhood connected in the digital age?

### Work & School

- **Percent of Local Jobs Paying Less Than $40K**: 44%

#### Why Local Jobs matter

People look for a leg up from their networks and connections, many of which are locally based. Local jobs provide employment and keep money circulating in a community. Do your neighbors share in the opportunities created through new development in your community?

#### Why Small Businesses matter

Small businesses are cornerstones of our city and neighborhoods. They provide jobs, culturally relevant goods and services, and community. What happens when our small business are struggling? The number of small business loans in your neighborhood shows how much access to credit local businesses have to open and thrive.

### Infrastructure

- **Number of Small Business Loans**: 27,171

#### Why Small Businesses matter

Small businesses are cornerstones of our city and neighborhoods. They provide jobs, culturally relevant goods and services, and community. What happens when our small business are struggling? The number of small business loans in your neighborhood shows how much access to credit local businesses have to open and thrive.
