

HOW IS **AFFORDABLE** HOUSING THREATENED IN YOUR **NEIGHBORHOOD?**

2025

How to Read this Chart

- 1. Find your Community District
- 2. Look across $(\leftarrow \rightarrow)$ to see which risks apply
- 3. Look up/down (↑ ↓) to compare with other districts

Color Key

- Community District that ranked in the Top 10 for the particular indicator.
- Community District that ranked in the Top 20 for the particular indicator.
- Threats to Affordable Housing Score: Color reflects Top 10, Top 20, and Top 30 most at risk districts based on how they scored on the indicators.

How the Risk Score Works

Each Community District earns points based on how often it appears among the highestrisk areas across all indicators:

- 2 points for every indicator where the district ranks in the Top 10 citywide
- 1 point for every indicator where it ranks in the Top 20 citywide

Key Notes

- This chart reflects a selection of affordable housing threats, and is not exhuastive of the threats districts might face
- No Shading: Indicates the district didn't rank in the Top 30 (but that doesn't mean no threats exist)
